THE OFFICIAL NEWSLETTER OF THE MELCOLANHAMS GROUP

## NO JOB TOO BIG...

MelcoLanham's pride ourselves on having the right people & resources to facilitate even the largest of jobs! Recently MelcoLanham's supplied the RGD Property Group 'Ocean Reach' development in Kawana Island with Teka Ovens, Cooktops, Rangehoods & Dishwashers and Fisher & Paykel Dryers for 100 Units, equating to 500 appliances in total!

We started supplying the job in December of 2009 and RGD took delivery of the last products last week. With construction due to be completed this month, our Appliance Sales Manager Jon Yappa & a team of staff were personally delivering the appliances every Monday morning to ensure RGD's timeframe was met. The appliances were then craned to the upper levels using the 'onsite' crane and hand delivered to each individual unit. We were determined that even during the recent bad weather we've received, that the deliveries would still be made on time every time! We would like to thank all staff involved in helping make this job a success! If you would like more information on appliances and how we can help you with your next project, however Big or Small please call Jon Yappa on 0417 544 102.

## NO SITE TOO FAR...

MelcoLanham's have been involved in Export of building materials to the Pacific Islands and beyond for some time now. Our Nambour trade facility is an ideal location for the assembly and loading of building materials into shipping containers for Export to pretty well any location in the world. We are currently working on several projects, ranging from affordable housing in Sudan, a Translation centre facility in the Solomon Islands, a housing project in Vanuatu, and another housing project in Somoa.

MelcoLanham's offer a "whole of project" service, including:

- Supply of ALL products required for your project
- Assistance in estimating general structural and fitout materials.
- Professional estimating services such as Licensed plumbers and Electricians, providing wiring and plumbing layouts.
- Coordination of shipping containers
- Professional packing service
- Fumigation if required
- All documentation taken care of
- Insurance in transit
