## TRUE NOOSA SPIRIT

MelcoLanhams were proud to be a part of the success of the first annual Noosa River Festival held at the Noosaville Lion's park on Sunday 16th May. Presented by the Noosaville Association and having coordinated and conceptualised the festival, event organiser, Brendan Weatherill, provided the public with a festive family day out. "The day was a success. Local business sponsors, stall holders, restaurants, local Musicians, parade participants and volunteers all made this day possible. Without the community spirit these events just don't happen. I remembered the festival of the waters from my childhood and wanted to create something for my children to enjoy." An estimated 8000 people attended on Sunday and with all that was happening on the coast this is a fantastic achievement for a first.

An opening parade saw local businesses and community groups unite to generate a parade like no other in Noosa. With over 35 different entries it was a 250m progression of colour and atmosphere definitely bringing back the Parade in grand style. Laguna Pest control, with their many ant costumes, and the Tewanin RSL in the Rockefeller theme won the best float prizes. Long-term residents have assured us "This will be one not to miss next year".

The light cloud cover kept the temperature pleasant while food lovers enjoyed what the local culinary masters had to offer. Winning the One Dish Wonder was tied between Spoon Fed Catering and Krung Thap. All of the food stalls attributed towards the festival, giving an array of culinary flavours to choose from. The positive support from local crowds promises the next event to be bigger and we look forward to the participation of all involved for the years to come.

Locals enjoyed live music by some of the coasts top performers, donating their time towards the celebration of live music, ensuring the future of free entertainment for spectators. Brendan Weatherill says, "A massive thank you has to go out to all of the performers, without the generosity of their time and vocal talents the atmosphere created would not have been possible. For this event next year, and for future events to come, I truly look forward to having the support of talented individuals".

This events completion owes a special thanks to the support from The Noosaville Association Committee and Volunteers, APN news, Zinc radio, Design Central, MelcoLanhams Mitre 10, Kennards Hire, Coats Hire, Noosa Party Hire, Sunshine Coast Regional Council, Mint Concepts, Settlers Cove, The Burger Bar, XXXX, PPS Productions, Tourism Noosa, Viande fine food merchants, Noosa colour copying, Villa Noosa as well as the multitude of local businesses who gave their support through participation and donations through raffle prizes.

Brendan Weatherill has ensured there will be more events to look out for in the near future. His next project is in motion and set to capture all interests.
